

# Fall Ground School

**Refresh Old Skills and Learn New with Chesapeake Sport Pilot!**

**SAVE: preregister for only \$40/class!**  
Classes \$50 at the door.

## **Flying Under Sport Pilot Rules October 17th**

Learn what all the fun is about in the world of medical free flying. Class covers both light sport aircraft as well as the ins and outs of flying as a sport pilot.

## **Local Charts and Airspace Made Easy October 24th**

Get familiar with local airports, airspace and charts so you feel comfortable traveling our local airways.

## **Airport Communications and the SFRA October 31st**

Halloween may be scary but the radio and even the SFRA don't have to be. Get refreshed on your coms and learn talk like a pro on local airwaves.

## **Online Flight Planning November 7th**

Forget the wiz wheel, modern on-line tools now make flight planning a snap—if you know how to use them.

## **Online Weather November 14th**

Flight watch is now gone and telephone weather briefings are being phased out. Why? On-line weather products make self briefings super easy!

## **Local Meteorology November 21st**

While TV weather people are busy coming up with snazzy buzz words like “polar vortex” we pilots need practical knowledge of the many unique local weather patterns that make flying fun or treacherous.

**All Classes held at 9am in the pilot lounge at the Bay Bridge Airport. This gives you time to fly when class is over!**

**Breakfast Alert!! Yes, the rumors are true! Ground school includes free pancakes starting at 8am!**
